**SCHOOL FINANCE MEMORANDUM 02-051**

**TO: Impact Aid Districts**

**FROM: Marcie Celaya, Director of School Finance**

**DATE: May 2, 2002**

**SUBJECT: Final FY2001-2002 Impact Aid (Title 8, P.L. 103-382) Budget Limit Add-ons**

The attached schedule of final Impact Aid (Title 8, P.L. 103-382) budget limit add-on amounts for fiscal year 2001-02 pursuant to ARS §15-905.K and 905.O is being provided for documentation and budget revision purposes. The amount in the "Total Add-on" column is the maximum amount that can be included in the General Budget Limit for the FY2001-02 budget. The "Special Education add-on" must be budgeted in Program 300, page 1, of the M&O budget or (supplement, page 1 or 3) or in the capital budget limit calculation. If these amounts are less than the amounts used in the most recently revised budget, the district must revise its budget limit, and if the amounts are more, the district may revise its budget limit.

The amounts for the 905.K special education add-on are based on the most recent U.S. Department of Education (USDOE) impact aid payment voucher for your FY2001 impact aid entitlement, or in the absence of a voucher, your impact aid application to the USDOE. The Indian Land add-on amounts are based on the non-special education portion of the most recent FY2001 voucher payment. The portion of this figure representing Indian land students is multiplied by 20% to calculate the "add-on" amount of the payment. For those districts that do not have a voucher, an Indian Land add-on is not calculated. We will calculate an amount once a voucher is received. The 905.O add-ons are based on the student counts included in the FY2001 application.

To be eligible for the budget limit add-on provided in ARS §15-905.O, a district must qualify as heavily impacted and have a zero primary tax rate. We have calculated the additional 905.O add-on for those districts that do not have a primary tax rate for FY2001, as indicated in the Arizona Tax Research Foundation's publication for 2001.

Please call me Anthony Wines at (602) 542-8246 (e-mail, [awines@ade.az.gov](mailto:awines@ade.az.gov)) or Nettie Klingler at (602) 542-8241 (email, [nklingl@ade.az.gov](mailto:nklingl@ade.az.gov)) if you have questions.
